Youths Escape Drowning In One-Car Mishap

Three young people narrowly escaped possible death by drowning just before midnight Monday when their car fell off a bridge and plunged into Pond Creek.

They were identified as Terry Dornier, 16, of Burlington, driver of the car; and his passengers, Tanya Sampson, 16, and her brother Charles, 14, both of Rosebud.

According to investigating DPS Trooper Milton Wright, the car slid off the wooden bridge on the Old Clarkson road and fell into a ravine in which the creek runs. He said the car landed with part of it submerged in the water, and added that if it had gone a car length further, the three would have been trapped in the water, which is about 30-35 feet deep at that point.

Wright said the bridge "was so slippery you could hardly stand on it." Rain earlier had wet the wooden bridge floor, but not enough to wash off the slick, and the bridge was still wet when the accident occurred. There is no rail on the bridge.

The bridge is located on a country road about six miles south of Rosebud.

The three youths were taken to a Rosebud hospital for treatment of injuries.

NARROW ESCAPE - Three Rosebud area young people escaped drowning when their car slid off a bridge and landed in the Pond Creek ravine. A little further and the car would have landed in the deep water, trapping its occupants.

Small Child Struck By Car

A small child was listed in critical condition at Scott & White hospital this weekend after being struck by a car in the 1800 block of North Washington at 10:20 a.m. Saturday.

The child was identified as Christopher Lewis, 3 1/2, who was visiting his grandparents in Cameron while his parents are on vacation.

According to Police Chief Kent Butler, the child ran out into the street and into the path of a car driven by John Mitchell of Rt. 2, Cameron. The accident was termed unavoidable.

Buckholts Board Meets

The Buckholts school board meeting Monday night agreed not to begin any major renovation projects this summer, and will continue with general maintenance.

No action was taken on extending insurance coverage on two school buildings, and trustees tabled action till the next meeting on selection of a school depository.

Deputies Underpaid, Sheriff Tells County

Courthouse janitors and county road hands make more money an hour than deputy sheriffs do, Sheriff Leroy Broadus told county commissioners Monday morning, and asked for salary adjustments for deputies and dispatchers.

The sheriff presented a report on work done by his department during the first five months of the year (separate story) and showed a chart of pay scale for city police, Rockdale police, sheriff's department, precinct road hands, and courthouse janitors.

According to the hours worked by deputies in April and May, hours worked ranged from 280 to 320 1/2 per month, with hourly pay which figured from \$2.25 to \$2.51. Pay for janitors in the courthouse is \$2.68 per hour, five days a week, with two weeks vacation and paid holidays. Precinct road hands make \$3.16 and \$3.07 an hour.

The sheriff asked that the chief deputy's salary be raised from \$725 a month to \$900 and other deputies from \$725 to \$850, with \$20 a month for deputies' clothing allowance. For dispatchers, request was to raise salaries from \$2.50 per hour to \$565 per month based on a 40-hour week.

Broadus noted that dispatchers also double as jailer. They take incoming calls, get the information to an officer, and also get any assistance the officer may need in the field, such as an ambulance or other officers.

In acting as jailer, the dispatcher insures that basic needs of the prisoners are met, and if needed, medical attention is received. "The inmates do not lie in the county jail and die, causing the county to be sued or held criminally responsible for any neglect," Broadus' report stated.

Broadus pointed out that his staff has no vacations, because there is no

Travel Trailer Burns

A fire in a travel trailer which was passing through Cameron Saturday morning destroyed the contents of the vehicle in spite of efforts by volunteer firemen.

The trailer, owned by E.O. Powell of Colorado City, was stopped at Fourth and Fannin when the fire was discovered. It was believed to have started from an overheated flat tire.

one to replace the absent deputy or dispatcher.

One dispatcher shift has to work six days a week, with two shifts working five-day weeks. Broadus reported that the last dispatcher quit the sheriff's department where he was working six days a week at \$2.50 an hour, and went to work for a county commissioner as a road hand for better benefits -- more pay, less time worked, and holidays.

Broadus said all sheriff's department employees who have quit have given the reason "low pay and no holidays."

Sheriff Broadus also pointed out that his department must work 24 hours a day, seven days a week, 365 days a year.

"It is imperative that good and competent people be employed by the department," Broadus' report said. "This has become impossible to do when our people are the lowest paid employees per hour in the county, and they can change from the sheriff department and go to another county department, in this county, and get more pay, holidays off, and with less hours worked."

Broadus said he has no idea what impact the new hiring activity by

Shell and other industries being constructed in the county will have on his employment situation.

County Judge O.B. Harden said there will be a lot of competition for labor. And Commissioner Lavert McKinney said the county will have to pay Broadus' staff if it expects to keep qualified personnel.

Court voted to allow Broadus to hire part-time help for the dispatching job, and promised to study his request, if necessary at a special meeting. Support for the sheriff was also voiced by Farm Bureau President H.M. Yager and Buck Angell.

In other business, court agreed to pay expenses for County Atty. John Henderson to attend a county attorney's conference in Houston on the 29th, with Henderson promising a report to commissioners on new laws passed by the Legislature, which will be explained at the meeting.

Harden reported that the county will receive 6,000 pounds of Mirex to fight imported fire ants, and the insecticide will be divided among the four precincts for distribution. The Mirex is being furnished by the state agriculture department for use in Milam County.

Sheriff's Report Cites Major Crime Decline

Milam County Sheriff Leroy Broadus, meeting with county commissioners Monday morning, reported a sharp reduction in major crimes in the county during the first five months of the year.

The sheriff, who was requesting salary adjustments for his staff, said in his report that each of his deputies averages 60 to 80 hours worked per week, which has contributed to the decline.

Broadus said a total of 38 burglaries was reported, with 23 in January and February, 13 in March and April, and only 2 in May.

Arrests for burglary included 28 adults, and seven juveniles, with 13 adults convicted and seven juveniles convicted. Three adults were sent to the Texas Department of Corrections and fifteen suspects are out on bond awaiting trial.

During the five months 30 burglaries were cleared, Broadus reported,

with eight burglaries still outstanding. Some \$6,620 in stolen property was recovered and returned to the owners.

Total theft cases reported was 15, with five persons being arrested for theft and seven cases where the property was returned to the owner without an arrest. Twelve theft cases were cleared and three cases are outstanding. A total of \$8,275 in stolen property was returned to the owners.

Twenty-one forgeries were reported, with five persons arrested, three convicted, one on bond, and one in custody. Some of these cases were repeats by the same person.

In addition to the burglaries, thefts and forgeries, the department has cleared two murders, two rapes, served 347 civil citations, served 110 warrants, processed 263 persons through the jail, answered 440 calls, and assisted in clearing one bank robbery.

Folk Fete 'Biggest Success,' Says Wright

Last weekend's Folk Fete was described by the organization's president as the "biggest success ever," and drew a total of 3,781 who paid admission to the Mexican Fiesta grounds.

Milton Wright, FF president, said rain showers on Saturday put a damper on that afternoon's attendance, but that was more than made up for with larger attendance on Sunday, which he termed the best day.

He said the rain was hard on arts and crafts displays and a few folded up and went home. However, most of the booths were open on Sunday for the larger crowds.

Wright said the Folk Fete will show a greater profit this year than before, and agreed that the \$1 admission charged was fair to all -- it enabled them to visit all the booths, take part in games and contests, and enjoy music and dancing during the three-day event, without having to pay an extra charge.

PARADE MAKES HIT

"It's President Carter!" This was the excited comment of many parade watchers Saturday as the Folk Fete parade marshal was seen. His identity had been kept secret until the last minute, and he was indeed the hit of the morning.

The Presidential look-alike was Ed Beheler of Elm Mott, who is in great demand over the country for appearances at various functions, and who graciously agreed to come to Cameron and be parade marshal at no charge.

"Secret Service men" were recruited from out of town to add to the effect, and many a camera clicked

as the "President" rode by in an antique touring car.

Prize winners in the parade were listed by chairman Pearl Krenek, with ribbon rosettes being awarded to the best in each category.

In the antique vehicle division, M.T. Morris' group of antique cars took first place. The Fleur de lis Garden Club float for the Folk Fete queens

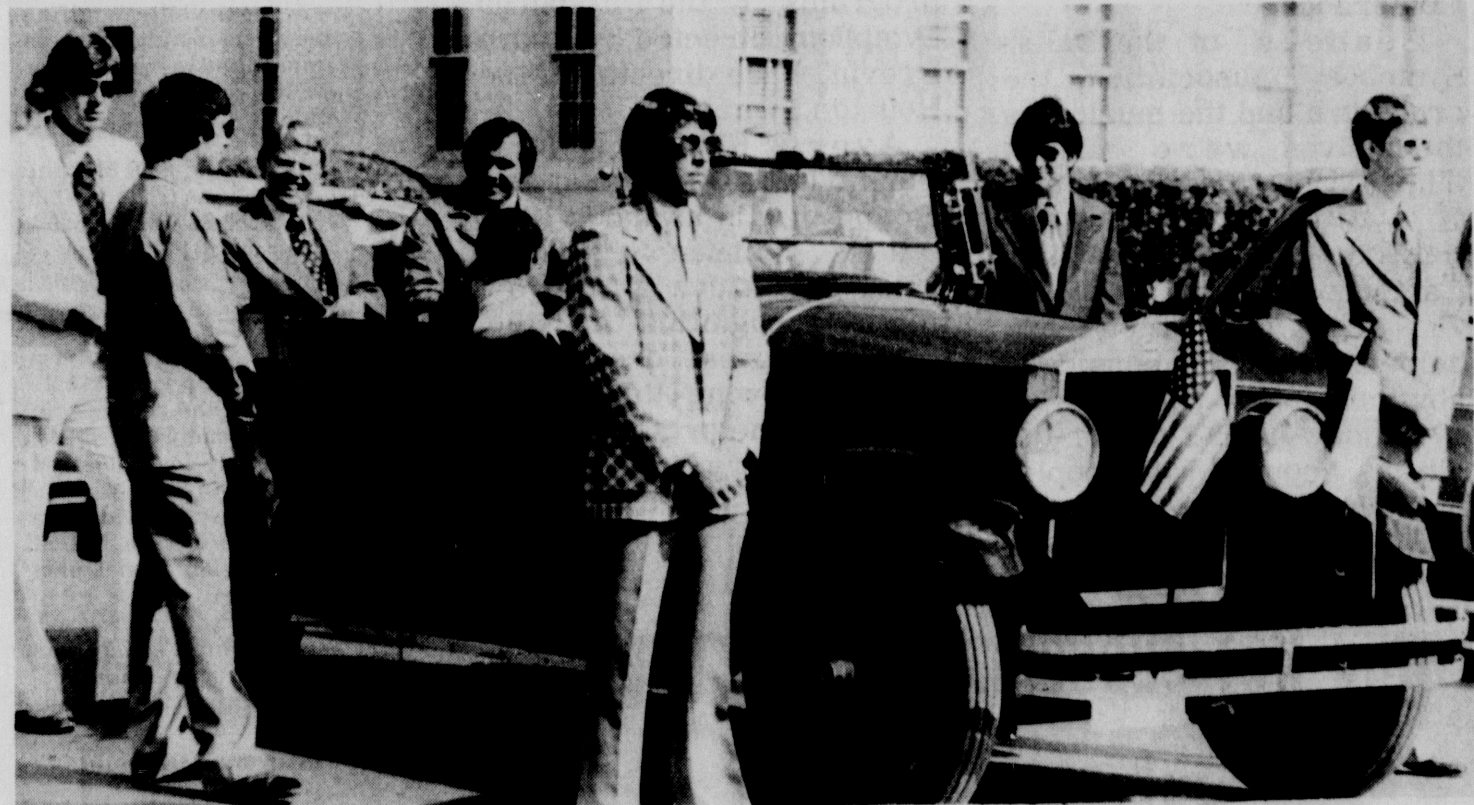

was judged best in the float category with honorable mention going to the Community Action Center's entry.

In the out of town floats, the Lampasas Spring Ho Festival float won first place, with honorable mentions going to the Holland Corn Festival float and to the Thorndale Riding Club's entry.

The Evening Lions clowns won first in that division, and the Tri-City

Area Cobra Motorcycle Club won first in motorcycles and bikes. The Junior Girl Scouts' decorated bikes entry won a ribbon, and the junior high school cheerleaders won first for decorated cars.

The parade committee awarded special recognition to Jack Hillard of the Budweiser Co. for his Clydesdale horse and beer wagon, and to the All-Star Twirlers of Temple.

'SECRET SERVICE' men surround the antique car holding the parade marshal, whose uncanny resemblance to President Carter had spectators gasping

along the Saturday Folk Fete parade route. He is really Ed Beheler of Elm Mott, who consented to visit the Fete and pose for photos.

Folk Fete Maturing...

It would seem the Folk Fete in its eighth year rebounded from a slower seventh outing.

Several things make the difference.

One is relocation to a site, the Fiesta Grounds, which accommodate parking, open-air festivities and the encircling food, game and crafts booths, a record 60 this year.

A second is an even larger parade, perhaps 35 marching units, including a number of clowns from a local civic club.

A third is the pricing structure which allowed an individual to enter the grounds for one price and spend as much (or as little) as he chose on food, art and whatever.

Numbers are up for the junior queen contest and down for the senior queen contest. Total was 26 for the two events. The talent segment has been removed from the contest, which has failed to attract any additional senior candidates and

has dulled the competition.

In toto, it was a recovery year and a building year for the annual Fete, which plateaued a couple of years ago and was in decline last year.

The Jimmy Carter look-alike and increased parade activity were real pluses. At a distance, the man with the "secret service" types walking along side his antique limousine looked impressively like the real "Jimmy Who?"

This continues to be a unique contribution to the folk arts in Texas.

It is easy enough to hire all this done in a metro festival such as in San Antonio or Washington, where the premise was broadened to include dozens of ethnic groups, much like the Vrazel Polka Band, which participated in one Washington festival.

But to bring together these numbers of volunteers mixed with professionals each year is quite another feat.

Folk Fete is maturing.

'Gold Baton' To Alcoa...

We remember the contributions twice given toward funding the Dallas Symphony's concerts in Cameron in 1972 and 1973.

We recall these contributions among others to Cameron, Rockdale and the Milam area as the Alcoa Foundation anticipates receiving the Gold Baton Award from the American Symphony Orchestra League one of the nation's top honors for service to music and the arts.

Arthur M. Doty, president of Alcoa Foundation, will accept the award later this month in New Orleans at the American Symphony Orchestra League's National Conference.

Leaders of the Dallas Symphony Association, the orchestra and the musicians themselves were all but dumbfounded at the turnout of students and adults in the five concerts in the Cameron Armory in 1972-73. Alcoa Foundation funds helped defray the considerably costs of moving a major symphony in and out of the city. About 3,700 people, including students attended

the Cameron concerts of the Dallas Symphony.

Alcoa also has been generous in its Foundation donations hospital and tennis court funding in Cameron, as well as similar projects in Rockdale and Taylor.

"The Alcoa Foundation also has sponsored art exhibits at the University of Texas-Austin and otherwise contributed to the fine arts in Texas, where so much of Alcoa's smelter production operates.

The basis for receiving the Gold Baton Award is support for a nationally acclaimed "Previn and The Pittsburgh" series, a TV presentation of eight one-hour programs by the Pittsburgh Symphony directed by Andre Previn, once director of the Houston Symphony.

Avery Fisher, of New York City, is the other recipient of this award in 1977.

It is a pleasure to acknowledge Alcoa Foundation's recognition in the world of great orchestral music, knowing this board aided the fine arts and great music at every level of their international operation.

Leaders Predict Agreement

Legislative leaders are predicting quick agreement on a school finance bill in a special legislative session.

Lt. Gov. Bill Hobby and House Speaker Bill Clayton said there is broad general agreement on the \$875 million measure reported by a conference committee May 30.

The conference version never actually came to a direct vote in either House, though both Hobby and Clayton predicted a majority would have supported it.

The presiding officers last week pressed Gov. Dolph Briscoe to speed the call of a special session from mid-July to late June.

They also urged the governor to broaden the agenda to include property tax standards and special tax treatment for agricultural lands as well as school finance.

The conference report on HB 750 of the regular legislative session is admittedly another stop-gap solution rather than a long-range approach to financing schools equitably.

"The conference report is not all that bad," said Hobby. "If we are going to have a band-aid approach, at least we have the band-aid right there in the medicine cabinet."

Hobby and Clayton urged an early special session because school districts are confronted with an August 20 deadline for filing their proposed budgets for the coming school year.

\$ Bills Certified

Comptroller Bob Bullock certified funds are available to cover the \$15.5 billion general state appropriations bill and other direct funding measures passed by the legislature.

Bullock's official estimate of money available for the special legislative session on school finance will be made after Gov. Dolph Briscoe exercises his veto powers over budget items.

All of the bills requiring direct appropriations were transmitted to the governor for his consideration after Bullock's required certification.

Lands Bring \$9.9 Million
Oil and gas producers bid a total of \$9.9 million for leases on 131,600 acres of state school lands last week.

Land Commissioner Bob Armstrong said the average per acre price of \$75.27 indicated high interest in Texas oil and gas reserves, particularly in submerged areas.

The latest sale yielded a near record high bid of \$1.25 million from Union Oil Company for a 1,440 acre Gulf of Mexico lease. Second high bid was \$304,704 from Mesa Petroleum also for a submerged tract.

Insurance Discount

A proposal to lower homeowners' insurance rates for those who install dead-bolt door locks and other anti-burglary de-

vices is scheduled June 22.

Insurance Board Chairman Joe Christie said lower rates would be a strong incentive for homeowners to install security devices (costing about \$170) which reduce chance of burglary.

Courts Speak

The Supreme Court reversed a \$34,992 Matagorda County traffic accident verdict in which a telephone company truck rammed a car, noting the trial judge did not ask the jury if the man who was hit was guilty of contributory negligence.

An Austin man must pay \$175 a month child support for each of three children, even if he has to go to work

to do it, the Third Court of Civil Appeals held.

A 50-year sentence of a Harris County man for rape was reversed by the Court of Criminal Appeals because of insufficient evidence.

The U.S. Supreme Court refused to hear an appeal challenging the Texas Sunday closing law because it bans sale of white socks (and other articles) on one day of the weekend.

The top court said states may not order mandatory death sentences for murder of policemen.

AG Opinions

A county and city may lend federal revenue shar-

Dear editor:

According to the U.S. Department of Agriculture the average loaf of bread now contains less than 3 cents worth of wheat, 2.7 cents worth, to be exact.

Just because I don't grow any wheat is no reason why I can't discuss this matter, any more than a Congressman who adds on his fingers can't discuss intercontinental ballistic missiles.

It seems to me therefore that the ancient saying, "Cast your bread upon the water and it will return a hundred-fold," could have a modern version: "Cast your wheat upon the market and some smart guys will take 2.7 cents worth of it and make a 60¢ loaf of bread out of it."

This is like taking 40 cent worth of cotton and making a \$10 shirt out of it. It's like taking \$200 worth of steel and making a \$5,000 automobile. It's like taking a \$100 state legislator and making a \$57,000 Congressman out of him. It's like taking an ex-Secretary of State and making a multi-millionaire out of him.

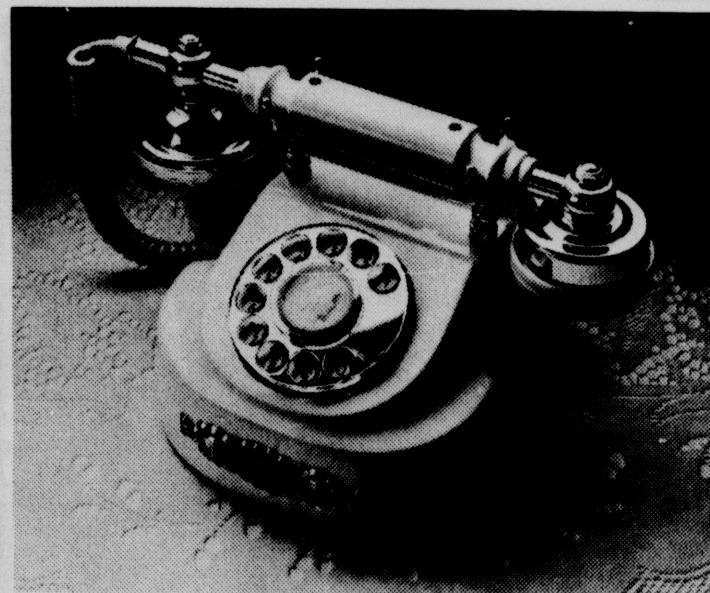

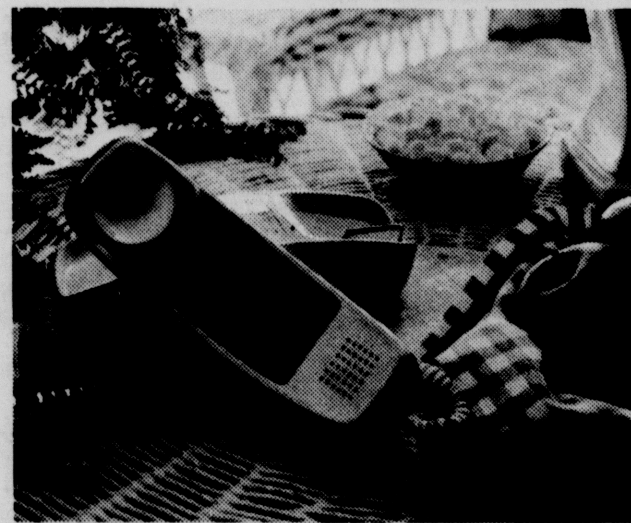

People blame all this on the middle-man. As I understand it, in the case of wheat, the middle-men are those people between the wheat grower on his farm and the housewife in the grocery store buying a loaf of bread, and it takes some shrewd people to be able to squeeze from the middle and come out on the top only. You can't do it with an orange.

I guess the only answer to this is to buy your own wheat, grind it up, and make your own bread. You're going to run into trouble though when you try to make the plastic stuff to wrap it in.

Times have changed. Nowadays, if you cast your bread upon the water it's likely to hit an oil slick. These are the days when it's more profitable to repair appliances than own them.

As the poet said, "A jug of wine, a loaf of bread and thou singing beside me in the wilderness, ah, that were paradise enough, as long as farmers will keep on raising wheat at below cost." You can't beat poetry for getting at the truth.

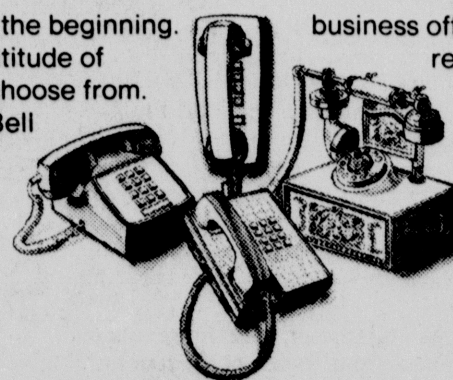

Yours faithfully,
J.A.

Tomatoes Show Some End Rot

By: Bill McCutchen

Some home gardeners have recently been having problems with the blossom end of tomatoes turning brown or black and ruining the fruit. This condition is known as blossom end rot of tomatoes.

I would suggest first that you note the varieties that are being affected as some varieties that are being affected as some varieties are very susceptible to this condition. Make a note and avoid planting these next year.

Blossom end rot is caused by moisture fluctuations during hot-dry weather. Even though you water daily some varieties will be affected. To lessen this problem mulching can be pretty effective.

I am using newspapers to mulch my tomatoes and it is working rather well. Other suitable mulches would include black plastic, straw or wood shavings.

Hot scorching suns causing sun blister on exposed tomatoes. Cover tomatoes with straw or grass to avoid this problem.

If you expect to have tomatoes this fall you should keep plants watered and healthy this summer or start some new plants in June or July to provide you with fresh tomatoes this fall.

BEEF REFERENDUM

If you haven't registered to vote in the upcoming Beef Cattle Referendum you still have a couple of days to do so. Registration dates are June 6-17 and you may register at the County ASCS Office.

DRY WEATHER HURTS

Dry weather has been nice for baling hay and the wheat harvest but corn and grain sorghum are suffering from six weeks of drought. Corn and grain sorghum prospects which were good are being cut with each day of dry weather.

Cotton prospects are still good. Fleahopper pressures are increasing in some areas and boll weevil problems are evident in fields that were not sprayed at the 1/3 square stage for overwintered weevil control.

Milam County farmers are asked to report the planted acreage of cotton, wheat, corn, grain sorghum and barley to the Agricultural Stabilization and Conservation Service (ASCS).

According to Douglas Buck, county executive director, proposed farm legislation could call for the implementation of set-aside for 1978 crops.

"The acreage required to be set aside as a condition of eligibility for program benefits may be based on a percentage of the acreage planted for harvest in 1977," Mr. Buck said.

Under proposed legislation, the reported acreage will not be used for purposes of establishing allotments. By obtaining the acreages, the Secretary of Agriculture will have a full range of options if the 1978 set-aside is necessary.

Crop acreages and the crop use must be reported on a field-by-field basis.

Milam County farmers will have until July 15th to report cotton, corn and grain sorghum. Crops seeded last fall should be reported before harvest if possible.

Farmers who have planted acreage in 1977-crop wheat, corn, grain sorghum or barley, and fail to report such acreage may be ineligible for program benefits in 1978, Mr. Buck said. He pointed out that random spot checks will be made to assure accurate reporting.

The ASCS acreage report requirement is effective immediately.

opposition include:

1. There is no guarantee the Beef Board will be composed of a membership that has complete producer interest. That is, it is required that a member of the Board be a cattleman, but he may receive more income from or have stronger interests in a packing plant or some other segment of the beef industry.

2. It is a government program controlled and run by the Secretary of Agriculture.

3. The Secretary must approve the budgets and contracts made by the Beef Board.

4. The Beef Board representatives should be selected by a democratic election in each state or geographic area, not just nominated from producer organizations certified by the Secretary.

5. The Secretary of Agriculture could initiate an investigation of producers or slaughterers of cattle or any other person who has engaged or is about to engage in any acts or practices which constitutes or will constitute a violation of any provision of the Act.

Proponents of the beef check-off program make the following claims:

1. It's a self help program. This a producer program all the way, conceived by cattlemen, to be financed by cattlemen, and run by cattlemen.

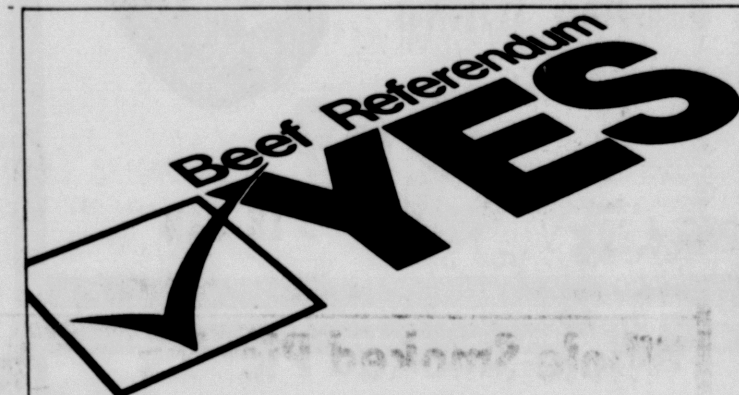

2. There is a refund provision that amounts to a money back guarantee. Any producer not convinced that his contribution is wisely invested may request a refund and get it promptly.

3. It is not a government program. The role of the Secretary of Agriculture is limited to the role of referee to assure that the program is administered according to the intent of the Beef Research and Information Act.

4. The program can improve nutrition. Nutritionists say "the average American is eating only one-half the meat needed for good health, and many are consuming less than one-half". Through nutrition research and consumer education, consumers will improve their diet and beef producers will get their share of any increase.

5. The program will increase producers' profits. Through new product research, consumer education, promotion and foreign market development, the demand for beef will increase and markets will improve. Also, through better market information, producers can make better management, decisions, all aimed at increased profits for producers.

Arguments made by the

It's up to you. Vote July 5-15.

If you registered to vote in the beef referendum, return to your ASCS office now and cast a "yes" ballot. You can vote anytime from July 5 through 15, during normal business hours. A "yes" vote means that cattle producers will have the research, promotion and foreign market development tools it could make things a whole lot better.

Farm and City

By Joseph D. Janak, Jr.

The Texas 4-H Roundup was held in College Station at Texas A&M University June 7 and 8.

The Milam County 4-H Clubs had two judging teams participating. The Entomology team, which consisted of Vanessa Marak, Julian McDaniell, Larry Hauk, and Christopher Riola, placed fifth. Larry Hauk scored 5th high individual and Christopher Riola, scored 9th high individual.

The dairy team which consisted of Lori Tomascik, Peter Riola, Dwayne Borhe and Gerry Mitchan had tough competition and did not place as high.

Mrs. Gloria Biehle of Rockdale was honored at the adult leader recognition luncheon as being an outstanding adult leader and received a plaque for her accomplishments.

At the recognition assembly, the winners of the different teams were announced, as well as the winning skits and plays being presented to the audience for recognition.

During the late evenings, a variety of dances and other

recreation was available to the 4-H'ers which ended with a district meeting at the dorms.

Thanks should be due to the many sponsors who made this 4-H Roundup the success it was.

DAIRY SHOW

At the Brenham Dairy Show of June 4 Dominic and

Christopher Riola showed their heifers and Dominic got 1st place while Christopher received 2nd place. There were other exhibitors from other Milam County 4-H clubs however at this writing I had not received their placings.

Moose antlers are shed in December, sprout again in April and reach their full size in June.

Clayton Speaker At Stiles Field Day

Bill Clayton, speaker of the Texas House of Representatives, will be the keynote speaker at the 15th Annual Stiles Farm Foundation Field Day June 21. Clayton, who has served in the Texas House of Representatives since 1962 and who has held the speaker's post since 1975, will address

the field day crowd at a 5:30 p.m. program. He will be introduced by State Rep. Dan Kublak of Rockdale.

Earlier in the afternoon field day visitors will have an opportunity to tour crop and livestock enterprises and to view various educational exhibits and machinery displays at the farm

Bentsen Cites Plight Of Rural Areas

Senator Lloyd Bentsen
said Tuesday that, although
25 percent of the American
people live in rural areas,
those areas receive less
than 10 percent of the fed-
eral guaranteed home loans
and less than 12 percent of
the employment and train-
ing program funds.
Bentsen, co-chairman of
the Joint Economic Sub-
committee on Economic
Growth, made the comments
during opening remarks at
the first of two days of hear-
ings into economic problems
in rural America.
"Although urban areas
have serious problems, they
often pale by comparison
with the problems faced by
residents of rural areas in
this country," the Senator
said.

"In terms of housing, tr-
ansportation, energy, jobs,
income and almost any other
measurement of economic
well-being, rural Americans
are worse off than urban Am-
ericans," he said.

Senator Bentsen cites sev-
eral statistics to back up
his assertion:

- * In 1974 some 11.6 per-
cent of the families in this
country lived in poverty,
compared with 14.4 percent
in rural areas;

- * virtually half the local
rural roads are described
by the Department of Trans-
portation as intolerable,
main rural roads are not
much better and widespread
abandonment of rural rail
spurs has added to trans-
portation woes;

- * and, as of 1974, 13.6
percent of the rental units
in rural America were with-
out indoor plumbing com-
pared with 1.1 percent in
the cities.

695 Enroll In Summer Classes

A record number of 695
students have enrolled for
summer classes at Temple
Junior College, Charles
Stout, of admissions and re-
cords, announced.

Stout said the total rep-
resents a 15 percent in-
crease over last summer and
is the largest summer en-
rollment on record at TJC.
Last summer's enrollment
was 602.

The figures include stu-
dents enrolled in the first
day school session and the
eight-week evening session.
Not included is the second
day school session which will
begin July 11.

OBITUARY

Zotz

Oscar A. Zotz, 60 of Cameron, brother of Cameron Mayor Lawrence Zotz, died Thursday in a Cameron hospital.

Funeral was at 10 a.m. Monday in St. Monica's Catholic Church with Magr. John Geiser officiating. Burial was in St. Monica Cemetery.

Rosary was recited at 8 p.m. Sunday in Marek-Burns-Laywell Funeral Home.

Mr. Zotz was born in Tatum and lived in Cameron for 40 years. He was a veteran of World War II and was a store specialist at Alcoa's Rockdale Works.

He was a member of the Knights of Columbus in Cameron, and was a past Grand Knight and a past Master of the Fourth Degree. He had served as Deputy of District 9 of the Knights of Columbus until his death.

Other survivors are his mother, Mrs. Frances Zotz of Cameron; his wife Mrs. Dorothy Zotz of Cameron; daughters, Mrs. Geraldine Allen of Denver, Colo., Miss Paula Zotz of Waco and Mrs. Jane Harrell of Cameron; brothers, George Zotz of El Paso, Robert Zotz of Houston and Otto Zotz Jr. of Minnesota; sisters, Miss Mildred Zotz of Cameron and Mrs. Florence Oliver of Waco; and four grandchildren.

JuneK

Marvin JuneK, 68, of Cameron, died Sunday morning in a Temple hospital after a short illness.

Funeral was at 10 a.m. Tuesday at St. Monica Catholic Church with Magr. John Geiser officiating. Entombment was in St. Monica Mausoleum.

Rosary was recited at 8 Monday night at Marek-Burns-Laywell Funeral Home in Cameron.

He was born in Williamson County and was a farmer in the Cameron area.

Surviving are his wife, Violette JuneK of Cameron; a son, Marvin JuneK Jr. of Cameron; brothers, Walter JuneK of Buckholts, and Leonard JuneK, Elmo JuneK and Eugene JuneK, all of Cameron; sisters, Mrs. Allene Eisfeldt, Miss Tilda JuneK and Mrs. Irene Rummel, all of Cameron and Mrs. Annie Mae Jistel of Wilmer; and three grandchildren.

Simmons

Funeral for Willie Ely Simmons, 82, of Gause, was at 11 a.m. Saturday at Phillips and Lucky Funeral Home in Rockdale with Rev. Arnold Kent officiating. Burial was in Gause Cemetery.

Mr. Simmons died Thursday in a Bryan nursing home.

Surviving are sons, H.M. Simmons of Gause, H.E. Simmons of Gause, Horace Simmons of Cameron and D.R. Simmons of Milano; daughters, Mrs. Marvin Harris of Red Oak and Mrs. James Sail of Waco; brothers, Fount Simmons and Dorvan Simmons of Rockdale; a sister Mrs. Ida Geibel of Fort Worth and 17 grandchildren.

Religious Poems

Anyone who has written a religious poem and would like for it to be considered for publication may send the poem, with a self-addressed envelope to: Religious Poems, The National Society of Published Poets, PO Box 1976, Riverview Fla. 33569.

Reynolds

Oswald Reynolds, 70, of Cameron died in a Temple hospital Monday morning after a short illness.

Funeral was at 10 a.m. Wednesday in Marek-Burns-Laywell Funeral Home with Rev. Vernon Dietrich officiating. Burial was in Oak Hill Cemetery.

He was born in Milam County, was a retired mechanic and a member of the Sons of Hermann.

Surviving are his wife, Mrs. Josie Reynolds of Cameron; a son, Bill Reynolds of Port Neches; a daughter, Mrs. Barbara Ellis of Friendswood; brothers, Burt Reynolds of Beaumont, Arthur Reynolds of Big Spring and Roy Reynolds and Edwin Reynolds both of Cameron; sisters, Mrs. Amelia Hensel and Mrs. Alma Fletche, both of Killeen; and five grandchildren.

Lively

Charlie L. Lively, 86, of Tyler and formerly of Cameron, died Thursday in Tyler.

Funeral was at 2 p.m. Sunday in Marek-Burns-Laywell Funeral Home with Minister Odell Carter officiating. Burial was in Oak Hill Cemetery.

Mr. Lively was born in Hico and was a veteran of World War I and a retired farmer. He had lived in Cameron for many years before moving to Tyler two years ago.

Surviving are a son, Lafon Lively of Alta Loma; daughters, Mrs. Marie Burnett of Liberty Hill, Mrs. Eloise Rollings of Tyler; 11 grandchildren and five great grandchildren.

Gospel Meeting Set

The Church of Christ in Cameron will hold gospel meetings June 20-26 with services at 8 each evening. On Sunday there will be Bible study at 9:30 a.m. with worship at 10:20 a.m. and 6 p.m. Paul Beckworth of Glenrose will do the preaching.

Jehovah's Witnesses To Convene

Jehovah's Witnesses will be convening this summer in 63 cities throughout the United States with 108 conventions on the agenda.

Raymond E. Waldron, spokesman for the group in Milam County, said nearly 1,000,000 persons are expected at the "Joyful Workers" district conventions. Some 5,000 are anticipated for the four-day meeting, June 30 to July 4 scheduled for the municipal auditorium in San Antonio.

"2,333,115 persons attended our conventions in 56 countries in 1976. This year an even greater number of assemblies is being arranged making it convenient for more persons to attend," Waldron said.

According to Waldron the conventions are designed to discuss the pressures affecting modern society in day-to-day living. The program is divided into four sections, including information on training children, responsibility of youth in today's world, making a success of marriage and the problems affecting family life.

FOREVER AND EVER

This picture was taken just a year ago. It was a perfect afternoon for a garden wedding reception. Joan and Kenny were so much in love.

Now, this morning, a letter came in the mail from Joan telling us that she is coming home. She's thinking about divorce—that the beautiful dream that she and Kenny shared has turned into a nightmare.

Naturally, her father and I will welcome her. This is her home and always will be. But this is a problem that we shall not try to solve by ourselves. We will turn, as we know Joan will, to our church, and to the very minister who both baptized and married her. Maybe all of us, working together, will find a way through God's Will and His Word.

The Church comes very close in times of stress. Remember that.

Why Wives Tolerate Abuse From Husbands

Why do women who are physically abused by their husbands decide not to end the marriage?

It would seem to a casual observer that no one would willingly put up with constant physical attacks by her spouse -- but in fact, many do.

Reasons why some women choose to remain in such marriages are complex and involve more than just the severity of the assaults, Debb Johnson, a family life education specialist, says.

A lack of research on wife abuse represents a major hurdle for counselors and social service workers -- who have so little formal training in this area -- but are called upon for assistance in these cases, she added.

"One study conducted recently with 80 families selected from a private social service agency and police files looked at how victims responded -- and gave some answers to the question of why victims of conjugal violence stay with their husbands," the specialist with the Texas Agricultural Extension Service, The Texas

A&M University System, said.

"First, the study indicated that the more severe the violence the more likely the wife is to seek help from the police or social agencies. And the more frequent the attacks (once a week), the more likely she is to call the police -- while the woman who is abused only occasionally (at least once a month) is more inclined to get a divorce or legal separation.

Also research indicates that the courts rarely intervene unless the woman suffers fatal or near-fatal injuries, she added.

"Second, the study reported that the more a wife was struck by her own parents, the more inclined she is to stay with her abusive husband. Having grown up in violent surroundings where this is a way of life, she may believe that husbands are 'supposed' to hit wives.

"Another explanation may be that violence begets violence, and this is carried on in the family as accepted, approved behavior."

Let Them Eat Cake

Sometimes it takes more than a bread to say "congratulations". When that extra special effort turns into success, it's time for a family tribute. So celebrate with a Banana Bonanza Cake. This recipe, developed by the Home Economists in the Kraft Kitchens, features that ever favorite combination of bananas and chopped nuts in a moist cake topped with a creamy brown frosting. It only takes some basic ingredients highlighted by the banana nut flavor, but it creates a treat that says "great job" with every bite.

- Banana Bonanza Cake**
- | | |
|---------------------------|-------------------------------|
| 2/3 cup Parkay margarine | 1-1/4 teaspoons baking powder |
| 1-2/3 cups sugar | 1-1/4 teaspoons soda |
| 3 eggs | 1 teaspoon salt |
| 1-1/4 cups mashed bananas | 2/3 cup buttermilk |
| 2-1/4 cups flour | 2/3 cup chopped nuts |
- Brown Sugar Frosting**
- Cream margarine and sugar until light and fluffy; blend in eggs and banana. Add combined dry ingredients to creamed mixture alternately with buttermilk, mixing well after each addition. Stir in nuts. Pour into greased and floured 13 x 9-inch baking pan. Bake at 350°, 45 to 50 minutes or until wooden pick inserted in center comes out clean. Cool; frost with:

- Brown Sugar Frosting**
- | | |
|----------------------------------|------------------------------------|
| 1 cup packed brown sugar | 1/4 cup milk |
| 1/2 cup Parkay margarine, melted | 3 cups sifted confectioners' sugar |
- Combine brown sugar, margarine and milk in saucepan; bring to a boil, stirring constantly. Remove from heat; cool 10 minutes. Gradually add confectioners' sugar, beating until well blended.

Meetings

Ladies Auxiliary

The VFW Ladies Auxiliary to Ben Milam Post 2010 met for their regular monthly meeting Monday, May 30 in the hall of the Post home with auxiliary president, Lillian Mikulec presiding.

There was a large group in attendance with visitors, Lucy Boschart, past district conductress now newly-elected district senior vice-president and Mildred Forehand, past district historian, now newly-elected district chaplain both of Jonestown. They served as conductress and assistant-conductress and assisted Virginia Sandifer of Bastrop, past district chief-of-staff who served as the installation officer.

Receiving awards after the installation were: Leola Komar, past treasurer's pin; Charlene Kretschmar, past secretary's pin; Lillie Kamienicki, past chaplain's pin and Lillian Mikulec, charter president's plaque.

The men met in the club room of the Post home for their meeting with Bill Sandifer, district deputy chief-of-staff of Bastrop serving as their installation officer.

Attending the district convention in Elgin were: Mollie Jekel, Marie Tucker, Henrietta Tucker, Alfons and Eleanor Tomek, J.C. and Leola Komar, Lillian Mikulec and Dan Dawson.

A meal was served after the monthly meeting with comrades Charlie Marek, Dan Balusek, Chubby Dusek, Frank Jekel and others preparing the food. Desserts and extras were furnished by the ladies.

The next meeting will be held June 27.

The comrades will again be in charge of the evening meal. Auxiliary members will bring desserts and extras.

TJC Offers A Course In Piano

Registration will be open through Thursday for an eight-week non-credit course in beginning piano at Temple Junior College.

The class will meet from 7 to 9 p.m. on Thursdays with Mrs. Priscilla Heard of the TJC music faculty as instructor. Fee is \$13 and the class will be limited to 14 students.

The piano class will utilize the electronic piano laboratory which allows a teacher to work with 14 students at one time. The TJC piano lab is equipped with 14 electronic pianos which can be used by a group or independently. Each piano has earphones so a student can hear only himself play or the piano can be amplified for use in class activity.

The teacher also has a setup which allows her to hear any one student or to work with the entire class. There are microphones at each station which provide communication between the student and the teacher without disturbing other members of the class.

Mrs. Heard said the piano lab is a useful tool for teaching the basics of piano. "It's really more fun than private lessons," she said. "Use of the lab takes the drudgery out of scales and practice exercises and puts a little fun into the keyboard basics."

The piano class is offered through the TJC Continuing Education Office at 773-9961, ext. 66.

LEADER HONORED - Dr. Daniel Pfannstiel, left, director of the Texas Agricultural Extension Service, and J.L. Hayes of Abilene, trustee for the Texas 4-H Foundation, present a plaque to Mrs. Ray Biehle of Rockdale, one of the two leaders honored from District 10 during the State 4-H Roundup.

Outdoor Cooking, A Great Summer Treat

By: Chris Holcombe
Milam County Extension Agent

Once your fire is properly prepared it will enhance the flavor of beef, broilers, turkeys, pork and other food cooked on the grill.

Fresh air and sunshine -- there is no better way to reap the benefits of summer than a meal enjoyed in the great outdoors. With all fresh fruits, vegetables and meats available during the harvest season, your outdoor cooking can be a real treat.

Tender cuts of steak sizzled over an outdoor grill lure the most playful appetite. How can you be sure the steaks will be tender enough to broil? The U.S. Department of Agriculture suggests using these tender cuts: tenderloin, porterhouse, T-bone, club steak, strip loin, sirloin, rib and rib eye steaks.

Choosing cuts with USDA grades prime or choice is another assurance of tenderness, juiciness and flavor appropriate for broiling.

One tip for broiling is to cook over coals that have become white hot. Plan to start your fire 30 to 40 minutes before cooking time.

Packaged charcoal briquettes are convenient for backyard cooking. Mesquite wood, long known to Southwestern cowboys and Indians, quickly burns and leaves hot coals that last a long time.

For smokeless cooking, use hardwood coals. Oak that is dead and dry, hard elm, white ash, white hickory and pine make coals with a long-lasting life. Generally, green pines, hemlock and white elm make poor fires.

Laundry Hints

In any big-time operation and if you're an American homemaker, the laundry can sometimes seem one of the primary checks plays an important role in getting best results. Here are some things you check for before putting your laundry in the washing machine.

Closing all zippers, for example, helps avoid damage to the zipper, and fastening all hooks and eyes prevents their catching on other articles. Always turn knifes inside out to help prevent them from snagging. Be sure, too, to check all cuffs, and shake or brush out any loose dirt once wet, it has a way of attaching itself almost permanently.

Separating white and colored fabrics is important, but this is especially true of nylon. Also separate the heavily soiled garments from the others for pretreatment. And treat stains, as soon as possible. The older they are, the more difficult they are to remove.

After you've finished washing, before putting the clothes in the dryer or ironing them, it's a good idea to re-check for any stains, you may have missed the first time. Heat sets stains, making them difficult or sometimes impossible to remove.

Belts Accent Clothes

A variety of belt styles accent fashionably slim waists this season, Margaret Ann Vanderpoorten, a clothing specialist, reports.

Style-conscious consumers can choose ready-made belts -- or create their own, she suggests.

Miss Vanderpoorten is with the Texas Agricultural Extension Service, the Tex-

as A&M University System.

"Some belts simply tie, these may be in solid cord, leather, or in fabric to match a garment.

"Others made of ribbons and trims sewn to backing give a different and fashionable touch to a simple dress or top."

Both wide and narrow belts with buckles -- or other types of fasteners -- are popular, too, the specialist said.

"On narrower belts, the buckle may be a disc or other decorative shape with a hidden fastener on the back. These work nicely with simple leather belting."

For belts with rich detail, however, simpler buckles are more attractive. Miss Vanderpoorten added that "Also some buckles have a rough-and-ready appearance -- and these coordinated best with heavier suede and other leather-type beltings. Their special waist accent give casual clothes a lot of interest."

For another exciting effect, today's belt wearer can "pair up" an unusual buckle with a complementary fabric for the belt -- such as a natural buckle over fabric of stars or anchors printed in a straight line to make the belt, she suggested.

PERSONAL MENTION

Sandra Smith, Joyce Garrison and Glenda Blackmon of the Milam Future Homemakers of America chapter attended the FHA Leadership Conference in Trinidad this past week.

The chapter advisor, Mrs. Joy Walker, also attended the conference, concerned with training of area and chapter officers.

Reunion

The annual Fuller reunion will be held at the Cameron Community Center at 704 W. 6 on Saturday, June 25.

Bring a basket lunch. Everyone is invited to come.

Henry VIII was so fat that he had to be moved up and down stairs by special machinery.

MAJOR GENERAL Otto E. Scherz, left, Base Units Commander of the Texas Army Guard swears in eleven recruits into the Texas Army Guard. All of

the new enlisted men are members of the Guard unit located in Cameron

Cameron's Guard Unit Leads In Recruiting

FT. CHAFFEE, ARK. The best recruiters in the Texas Army Guard are now at Ft. Chaffee, Ark. for two weeks of annual training. Cameron's Detachment 1, Company C 1st Battalion (Airborne) 143rd Infantry leads all other Texas Guard units in recruiting. Unit commander, First Lt. Gerald R. Betty's recruiters signed up 43 enlisted men during the recent Operation Guard Round up. All Texas Army Guardsmen were participating in a statewide recruiting drive during April and May. The Cameron unit is a part of the 36th Airborne Brigade which used the name "Operation Guard Round Up" during the recruiting drive. Round up guardsmen is just what Cameron recruit-

ers did as they achieved 430% of their assigned recruiting goal. Staff Sgt. John S. Lansford, full time armory service technician and recruiter, developed a recruiting plan to use manpower and time to fullest advantage. During the operation the Cameron armory was open a minimum of 12 hours a day, and at one time was open 18 hours a day to meet and talk to people about the guard. SSG Lansford praised the dedication of recruiters all of whom volunteered to work double time to insure suc-

cess of the operation. Other unit members volunteered their time to drive jeeps to pick up new prospects contacted by phone. One of the greatest assets to the unit was new recruit Patrick Rubio. Rubio was enlisted on April 2 and had already recruited 9 of his friends by May 15. The new guardsmen was promoted to Private First Class for his achievements. If you are interested in the Texas Army Guard you can contact a recruiter at 817-697-2102. One of the best recruiters in Texas will be glad to talk to you.

Letters TO THE EDITOR

June 13, 1977

Dear Frank, We certainly would not want Mr. Guess to think his letter to you and appearing Monday June 13 had gone unnoticed.

It seems to me that if Mr. Guess were so interested in the well being of our school system and may be secondly, the welfare of our children that we might invite him back to teach? In Cameron. Of course the material benefits may not be to his advantage.

Anyone who read Roselee's letter and Mr. Guess's letter would know that he never really understood what she was saying. If she had failed to teach her son responsibility, what of the adult who saw fit to order the destruction of personal property. Also, if Mr. Guess knew Roselee as well as I, he would know she would never feel the need to hide behind anyone's name nor use one situation to "pick at" another. One of her qualities is the "nerve, guts or what-have-you" to state her position & feelings regardless of later repercussions.

Also, if Mr. Guess is so up on the Cameron situation he would know that the incident involved the young lady as a band student & not a cheerleader. She had long since filled her obligation as a cheerleader. The two incidents are totally unrelated, involving two different school units, faculty members, and families.

Mr. Guess's first reaction to my letter may be "of course, she is a personal friend of Roselee's" and if that is the case he is free to think as he pleases. My regret is that I cannot write this as a detached uninterested male because I am indeed a friend of Roselee Mondrik, also known as Mrs. Joseph Mondrik, Sr.

Being proud to have been chosen to share my husband's name I am, Mrs. Albert Michalka, commonly known as Margaret Michalka

Legal Notice

ORDINANCE NO.

An ordinance approving rate schedules to be charged by Texas Power and Light Company in the city of Cameron, Texas, approving service regulations filed by Texas Power and Light Company, providing for an effective date for such rate schedules, and providing conditions under which such rate schedules may be changed, modified, amended or withdrawn.

WHEREAS, on December 22, 1976, Texas Power and Light Company filed with the City Secretary a request for an increase in rates to be charged within the City and for approval of Service Regulations to be observed in the City; and

WHEREAS, the City having suspended the effective date of such proposed rate increase from January 26, 1977, and having considered the same at a public hearing, is of the opinion and finds that an increase in rates should be approved, before the same rates heretofore approved by the Public Utility Commission of Texas, in Docket No. 178, pursuant to a request filed with it by Texas Power and Light Company on December 22, 1976;

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF CAMERON, TEXAS:

SECTION 1: That an increase in the rates, tariffs and charges of Texas Power and Light Company for electric power and energy sold within the City be approved in an amount equal to that approved by the Public Utility Commission of Texas in Docket No. 178, and the rates, tariffs and charges giving effect to such increase approved by the Public Utility Commission in said Docket No. 178, are hereby approved as the Schedule of Rates under which said Company is authorized to render electric service and to collect charges from its customers for the sale of electric power and energy within the corporate limits of the City until such time as said Rate Schedules and Service Regulations may be changed, modified, amended or withdrawn, with the approval of the City Council.

SECTION 2: That the Service Regulations of Texas Power and Light Company filed with the City Secretary on December 22, 1976 be, and the same are hereby approved.

SECTION 3: That such Schedule of Rates and Tariffs and Service Regulations shall be effective from and after final passage of this Ordinance and shall apply to all bills rendered on and after June 26, 1977.

SECTION 4: The filing of the Rate Schedules and Service Regulations, and the approval of same by the City Council, in the manner here provided, shall constitute notice to the consumers of electricity, within the City of the availability and application of such Rate Schedules and Service Regulations.

PASSED AND APPROVED On first reading at a Regular Meeting of the City Council of Cameron, Texas, this 19th day of April, 1977.

PASSED AND APPROVED On second reading at a Regular Meeting of the City Council of Cameron, Texas, this 7th day of June 1977.

JOINS ALCOA - Carolyn Curtis has joined Alcoa at its Rockdale Works as communications coordinator in the public relations department. She will edit the plant's internal publications and handle employee communication programs.

BEGINS CAREER - Charles Hoelscher of Burlington, a spring graduate of Texas A&M, has begun a career with Alcoa at its Rockdale Works. Hoelscher is a Rosebud native and a 1973 grad of Rogers High School.

Sharp-Tracy-Friendship

By Mrs. Leroy Guillote

Sharp closed down Saturday morning for the services of J.D. Pope, who lived most of his life in the Sharp area. Mr. Pope died in an Austin hospital after a long illness.

Col. and Mrs. Massengale had grandchildren visiting them for the past two weeks. Holly Williams of Bryan spent the first week. Her mother, Nancy and sister Tracy spent the night with the family, and Holly returned home with them. Their grandson, Cameron of Austin then spent a week with the Massengales.

Mrs. Robert Stevens and daughters Carolyn and Laura attended the wedding of Linda Lemon and Wesley Hicks held in the Church of Christ in Rockdale Saturday night.

Carolyn Stevens spent Saturday night and Sunday in Rockdale with Debbie Finney.

Mr. and Mrs. Herbert Howe of Holland and Mr. and Mrs. Louis Rinn of Rockdale attended the Rinn reunion

Burlington

By Mrs. Gerald Foshea

Mr. and Mrs. W.G. Marek and Mr. and Mrs. Billy L. Stuessel of Temple spent several days recently on a trip to Lubbock and Alpine. While in Lubbock they visited Mr. and Mrs. George Farda.

Mr. and Mrs. Billy L. Stuessel and grandson Michael of Temple had supper with Mr. and Mrs. W.G. Marek last Wed. nite.

Mrs. Herman Juergens of Ben Arnold entertained the 42 club last Tues. afternoon.

Mr. and Mrs. William Foshea, Jason and Joel of Duncanville, Mr. and Mrs. Thomas Polk, Danell and Donald of Rosebud, Mr. and Mrs. Rudy Klepac and children of Academy, Mr. and Mrs. Dan Foshea, Mr. and Mrs. Tim Foshea and children and Mr. and Mrs. Jeff Foshea of Houston visited Mr. and Mrs. Jeff Foshea during the weekend and attended the Jeff and Susie Foshea family reunion at the farm of Mr. and Mrs. George Pool at Maysfield on Sat. and Sun. June 11 and 12.

The annual Sons of Herman picnic was Sun. June 12 at the Burlington Recreation Hall with dinner at noon and games of skat and dominoes following.

Mrs. Thomas J. White of San Antonio spent several days this week with Mrs. Aleta Marek, Mr. and Mrs. W.G. Marek and Mr. and Mrs. Gerald Foshea.

Mrs. Aleta Marek and Mrs. Thomas J. White of San Antonio visited Mrs. Leota G. White of Colonial Nursing Home and Mrs. Pearl McClarren of Cameron on Mon. Afternoon.

Mrs. Aleta Marek, Mrs. W.G. Marek and Mrs. Thomas J. White had supper with Mr. and Mrs. Buddy Bailey of Wilderville on Mon. nite.

Mr. and Mrs. Bob Fitzgerald, Mark and Chris of Kansas City and Mr. and Mrs. H.J. Litzman Jr. and Dale and a friend of Cameron visited Mr. and Mrs. H.J. Litzman Sr. during the weekend.

held in Sharp.

Jimmy Coffman of Austin visited with his folks, Mr. and Mrs. Howard Coffman Thursday afternoon.

Mr. and Mrs. Delbert Brockenbush of Houston visited with his brother and wife, Mr. and Mrs. Emory Brockenbush recently.

Carolyn Stevens, Tammy Hargrove, Lese Henson, and Janice Lawrence enjoyed a picnic on the church grounds in Tracy Saturday.

Mrs. H.J. Ellender and son James took Lee Ann and Danielle Purcell, Mrs. Ellenders' granddaughters home to Willsboro Thursday. The Ellenders daughter, Mrs. Sherry Purcell returned home with them to attend the funeral of her uncle, Mr. Pope, and spent the week-end with her folks.

Guests during the week-end of the Ellenders and the Guillotes were Mr. and Mrs. Harry Guillote of Austin, Mrs. Richard Guillote and son Kevin of Fairfield, Mrs. James Pope and Mrs. Loyce Bales of Temple and Mr. and Mrs. Bill Bales of Dallas. Mr. and Mrs. Zane Bales visited with the Ellenders Tuesday night.

Mr. and Mrs. E.W. Dossier of Corsicana spent a while Monday with Mr. and Mrs. H.J. Ellender. Mr. Dossier is a retired Lee Way driver.

Home Fire Safety Stressed

The recent Kentucky nightclub fire which claimed over 160 lives has drawn widespread attention and alarm. However, an equal tragedy occurs every week to 160 home residents.

"These residence fires also should receive our attention--and preventive action," points out Dr. Gary S. Nelson, a safety engineer with the Texas Agricultural Extension Service. "A residence burns every 45 seconds, adding up to 1900 fires per day and almost 700,000 per year. Almost 7,000 persons die in these fires and at least one-fourth of the victims are school children under 14 years of age."

Most children are pathetically helpless to save themselves in a fire, notes Nelson. Through lack of knowledge and practice, they make deadly mistakes, such as rushing into smoke-filled hallways then they might escape through a window. Nelson says that some children panic and do not attempt to escape. Some hide in closets or under beds, waiting in vain for someone to rescue them. Many are later found dead by firemen.

"The tragedy is that many youngsters could get out alive if parents would take a few minutes to teach them how," contends the safety engineer. "Schools routinely hold fire drills. Yet, such drills at home are seldom thought of, much less done on a regular basis, even though a child is about 200 times more likely to be caught in fire at home than at school."

"A sight of happiness is happiness." Thomas Traherne
